SB 308 Positive Alternatives for Pregnancy and Parenting Grant Program; establish; definitions; administration and duties

Bill Summary: SB 308 creates the Positive Alternatives for Pregnancy and Parenting Grant Program within the Georgia Department of Public Health (DPH). The purpose of this grant program is to promote healthy pregnancies and childbirth by awarding grants to non-profit organizations that provide pregnancy support services. DPH will oversee the program and execute a legal contract with a contract management agency ("agency") to administer the program. The agency will be responsible for creating a grant application process, monitoring compliance, and coordinating correspondence between DPH and direct client service providers ("providers").

The grant program will fund these eight services: (1) medical care and information (such as pregnancy tests, STI tests, health screenings, ultrasounds, prenatal care, and birth classes); (2) nutritional services and education; (3) housing, education, and employment assistance; (4) adoption education, planning, and services; (5) child care assistance; (6) parenting education and support services for up to one year after the birth of the child; (7) material items such as cribs, car seats, formula, etc.; and (8) information regarding health care benefits. Grants will be awarded annually on competitive basis to providers that display competent experience in providing the eight grant-funded services above. DPH will determine the maximum grant amount awarded to each provider. Grants cannot exceed 85 percent of such provider's annual revenue for the prior year.

Further, the bill requires each provider to maintain accurate records and report data to the agency on an annual basis. Reports must include the number of clients who utilized pregnancy support services;

are pregnant; chose childbirth after receiving pregnancy support services; chose adoption after receiving pregnancy support services; and chose abortion after receiving pregnancy support services.

All information collected under the grant program must remain confidential by DPH, the agency, and providers in accordance with federal and state laws on privacy and medical records (including HIPAA). Annual audits of each provider must be conducted by an independent certified public accountant within 120 days of completing a fiscal year.

SB 364 "Quality Basic Education Act"; annual teacher, principal, and assistant principal evaluations; revise provisions

Bill Summary: Senate Bill 364 revises the annual performance evaluation for public school teachers and leaders. Student growth will now account for 30 percent of the evaluation, down from the original 50 percent. A professional growth component will account for 20 percent. The number of in-class observations are reduced for teachers with at least three years of teaching experience who have earned 'Proficient' or 'Exemplary' on the previous evaluation.

Senate Bill 364 also reduces the amount of state mandated testing required. Currently, there are 32 state mandated tests in grades K-12. This legislation reduces the number of state mandated test to 24 by removing social studies and science tests in grades 3, 4, 6, and 7. This bill also adds formative testing in grades 1 and 2 to assess reading and math development.
